maximum air suction into horizontal open ended cylindrical ... - maximum air suction into horizontal open ended cylindrical louvered pipe 391 journal of engineering science and technology february 2017, vol. 12(2) mishra and dash [4, 9] a conducted numerical investigation on air suction into louvers of funnel due to high-velocity air jet and concluded that air suction rate is **numerical investigation of maximum air entrainment into ...** - air suction into the louvered funnel and found that an inverted frustum with a diameter ratio of 0.8 could suck the maximum amount of air compared to a cylindrical funnel of the same volume. **effect of pipe configurations on air entrainment into a ...** - louvered horizontal cylindrical pipe by finite volume method. ... was reduced by 19.2% as the ratio of funnel overlap height and nozzle diameter changed from 0 to 1.6. singh et al. (2003) in an ... suction /q inlet as a function of jet location for a circular jet from **venting guide for aboveground storage tanks - morrison bros** - venting guide for aboveground storage tanks this guide is intended for reference use only. all final details of design and construction must meet the requirements of federal, state and local codes. in case where plan approval is ... suction systems bulk storage references 30 ul 142
